

Model Medication Policy for Domestic Violence Shelters

Is this a DVAM Event?: No

Go live:

August 2, 2013

When: August 7, 2:00-3:30 PM

Where: Webinar

This webinar is offered by the National Center on Domestic Violence, Trauma and Mental Health (NCDVTMH)

This webinar will provide guidance on designing medication policies that better serve survivors who are experiencing mental health symptoms or living with mental health disabilities. This webinar is designed for both domestic violence coalitions and local programs that are working to create more accessible and trauma-informed shelter environments.
