

NNEDV Safety Net's 1st Annual Technology Summit

Is this a DVAM Event?: No

Go live:

June 10, 2013

When: July 29-31, 2013

Where: San Jose, CA

For advocates and professionals addressing technology and intimate partner violence, sexual assault, stalking, and trafficking.

For the first time ever, the National Network to End Domestic Violence's (NNEDV) Safety Net project is opening up their annual national technology conference to victim advocates, service providers, attorneys, law enforcement, community corrections, and other professionals working with survivors on technology safety issues.

Date: July 29-31, 2013 Location: San Jose, CA

This unique training opportunity will focus on the various complex issues and concerns that come from the intersection of technology and domestic & sexual violence, stalking, and trafficking. Participants will be given the information and tools needed to respond to technology misuse, to enhance services for survivors of violence, and hold offenders accountable.
