

WEBINAR: Alice VOCA Report troubleshooting

When: Wednesday, May 22, 1:00 ? 2:30 pm

Where: Online or call in

Share your questions and issues. Make sure you are entering data correctly to report to VOCA; explore using other reports to check your data and to generate data for interim VOCA reports.

Ideally you can log in on your computer and watch as the Technology Coordinator answers questions, but if this is a problem for you, you can just call in and listen.

Share your questions and issues. Make sure you are entering data correctly to report to VOCA; explore using other reports to check your data and to generate data for interim VOCA reports.
