

Lean on Me Direct Relief Fund

We all need somebody we can lean on sometimes.

to the Lean on Me fund

WCADV's Lean On Me Direct Relief Fund provides needed resources to survivors to gain safety and independence. Funds must be applied for through one of Wisconsin's local domestic violence programs to support emergency requests for financial assistance for victims/families in crisis. Funds can be used to support transportation, health, housing, food, clothing and other emergency needs. When victims need just a little bit of support to help them get through a tough time, it's important for them to have someone they can lean on.
