End Domestic Abuse Wisconsin (WCADV) and the Wisconsin Sexual Assault Coalition co-sponsor a statewide committee whose vision is to give voice to people who are under-represented based on gender identity and/or sexual orientation; to promote the social changes necessary to end sexual and domestic violence in LGBT Communities by changing societal attitudes, practices and policies through education, advocacy and social action.

Training is available on how to provide inclusive services to the LGBT Community.

Funders for LGBTQ Issues launched a historic, online resource to help grantmakers understand the critical issues facing lesbian, gay, bisexual, transgender (LGBTQ) communities of color. This toolkit includes a range of original funder tools, perspectives from foundation and nonprofit leaders in the field, related publications and much more. We hope to enhance the philanthropic conversation on opportunity, diversity and equity.
